Welcome

Welcome to the Buxton & Leek College University Level Course Guide. As the UK economy strengthens, the demand for people with higher-level technical and vocational skills is growing. Both UK and European business and industry report widespread skills shortages. It is important for people to realise that the traditional route to gaining these skills and qualifications, of A Levels followed by a University Degree, is not the only one available. In fact, for many people, personal circumstances, their age or simply their preferred style of learning can be a considerable barrier to them accessing Higher Education in this way.

This is where Buxton & Leek College come in. We are a local community College with Campuses in Staffordshire and Derbyshire, yet we are also part of the University of Derby group. This puts us in the unique position of being able to offer high quality, local, affordable, University Level and Higher Skills courses to students of all ages and backgrounds. Our campuses are familiar to you, as you may have been a Further Education student with us, we have some of the best facilities for learning and yet we have some of the lowest fees in the region – between 40% and 60% below the typical university equivalent.

This doesn't mean compromising on the standard or value of the qualification you will gain. All of our courses are validated by the University of Derby and are recognised and valued by employers. Studying with us means you will get the most important elements from studying a University Level course – great teaching and learning from expert staff using industry standard facilities and equipment and a respected and valued qualification.

Please take the time to read our prospectus and then call in to one of our Campuses, either in Leek, Buxton or Derby to discuss how we can help you realise your higher ambitions.

Len Tildsley,
Principal

Advice Days

You don't have
to travel far
or study full
time to gain a
University Level
qualification!

Advice Days are a great way to find out about our courses. You'll also be able to have a look at our industry standard facilities, speak to our experienced Tutors and find out why our College could be an affordable alternative for your University Level course.

Leek Campus 5-8pm	30 Sept 2015	Buxton Campus 5-8pm	1 Oct 2015
	25 Nov 2015		26 Nov 2015
	13 Jan 2016		14 Jan 2016
	24 Feb 2016		25 Feb 2016
	20 April 2016		21 April 2016
	22 June 2016		23 June 2016

Book on to an **Advice Day** at

www.blc.ac.uk

or call **0800 074 0099**

If you can't make it to one of these days, call us to arrange a College visit or appointment with our Information, Advice and Guidance Advisers.

How to apply

Alternatively email enquiries@blc.ac.uk or call **0800 074 0099** to request an application form.

Once we have received your application form a member of the Admissions Team will be in touch about the next steps.

For our full time University Level courses you will need to apply through UCAS - www.ucas.ac.uk Please check the information on each of the course pages.

The benefits of a University Level qualification

Choose

BUXTON & LEEK COLLEGE

At Buxton & Leek College, we specialise in courses which support your life-long education, skills and career development. Whether you choose to study on a full or part time basis with us, we can help you build on your experience and knowledge, learn new skills and achieve valuable qualifications.

Discover

Convenient locations

Our Campuses spanning two counties make it even more convenient to study with us. Both our Buxton and Leek Campuses are situated in the town centres with easy access by car and bus. Offering University Level courses at your local College means you don't have to move away from home, keeping the cost of Higher Education more affordable.

Find out more about transport at www.blc.ac.uk/transport

Real World Learning

We don't believe in only learning in a classroom and want to make your learning experience as valuable as possible. That's why we've invested over £8.5 million into our facilities to ensure that the environment you are learning in replicates the real working world, giving you the skills and knowledge you'll need. We embed work experience, talks from industry experts and professional and educational visits into your course to ensure you're prepared for a successful and rewarding career and you have the skills that employers require.

Employer links

Many of our courses and facilities have been designed with input from local employers to ensure that what and how you're learning is relevant for the working world. We also work with local employers to ensure our students can take part in valuable work experience and placements.

Study part time

Most of our University Level courses are part time, which allow you to study in a way that suits you and your lifestyle.

We pride ourselves on offering **real choice and flexibility** for our students of all ages, abilities and ambitions, which means that you can **fit your learning around your home, work and social life**. Being a small College with a mixture of learners means you will receive a more personalised experience and meet like-minded learners you can share ideas and practices.

UNIVERSITY of DERBY

Our unique position as **part of the University of Derby Group makes it easier – and more affordable – for you to engage in University Level education without having to move away from home. It's all right on your doorstep!**

We have a strong commitment to providing a high quality service to our local communities. In last year's league tables, we ranked among the **top colleges nationally for our students' success** and our enthusiastic teaching teams have a wide range of **up-to-date industry expertise**. This was all confirmed by Ofsted in February 2014 where we were **graded as a 'good' College**.

Succeed

Students who study University Level courses at Colleges have great employability prospects because their courses contain a mix of academic and vocational skills (AOC Key Facts 14/15). That's why our students go on to do great things!

Daniel Aldridge, 20 from Waterhouses near Leek, started out on Buxton & Leek College's Schools Programme where he attended College for one day a week, whilst he was at school, to work towards the **Level 2 Diploma in Mechanical Engineering**. He then progressed onto the full time Level 2 qualification, the Level 3 qualification and then **HNC in Mechanical Engineering** and was also awarded Student of the Year in 2011. He now works as a Tool Maker at the JCB World Headquarters in Rocester, Staffordshire, whilst working towards his Foundation Degree in Mechanical Engineering at the University of Derby.

"The courses I studied at Buxton & Leek College have helped me greatly in getting a job and have taught me the necessities of working in engineering and the skills to become a good engineer. The support and teaching methods are the best I have experienced and I would not be where I am today without the amazing Tutors."

Luke Smith, aged 20, from Leek, started out at Adams Foods, the UK's biggest supplier of pre-packed cheese, as a trainee whilst studying for a BTEC in Business.

He then progressed on to and completed a **HND in Business** and has been promoted to Raw Materials Scheduler and is responsible for keeping the supply chain running smoothly.

"I enjoyed the course so much that I decided to take things further to HNC level and then, I started the HND course."

As fans of the great outdoors, **Shereen Frame and Kirstie Beardmore** knew that there was more to learning than sitting at a desk in a classroom.

So when it came to researching their dissertations for their **Foundation Degrees in Children's & Young Peoples Services** the pair of Buxton & Leek College students looked to the forest and based their work on outdoor activities. Both went to a Forest School training centre in Sheffield to learn more about outdoor education.

Now their enthusiasm for outdoor learning has led to the job of their dreams – running **Mud Monsters Forest Adventures** at the Daintry Hall Day Nursery in Congleton.

Matt Cotton studied the **Foundation Degree in Computing** whilst working at Peaks and Plains, a social housing provider in Macclesfield, Cheshire. Since studying the course he's been promoted to ICT Support Officer and developed a new phone app which offers customers of Peaks and Plains an easy way to pay rent and manage their tenancies as well as new software to improve efficiency for office staff.

Fees & Finance

Studying a University Level course is a real investment in your future and with our affordably priced courses, it won't cost as much as you think.

Tuition fees

On average our course fees are about half of most other Universities. Plus, because we're local you won't need to pay for additional living and accommodation costs.

How fees work

You don't pay tuition fees up front. You can apply for a loan from the Students Loans Company for your tuition fees. You only pay this loan back when you finish your course and are earning over £21,000 a year. If you never reach that salary, you won't need to pay it back. Various other schemes are in place to help you pay for your course or to support you whilst you study. At Buxton & Leek College we're committed to financially supporting students.

For our full fee policy and more information about the financial support you may be entitled to visit www.blc.ac.uk/courses/funding-bursaries-loans or call 0800 074 0099.

Support

We're committed to providing a positive and supportive environment for all learners throughout your time with us and beyond. Being a smaller College allows you to really get to know your Tutors and peers and have a personal learning experience. We offer a range of support services including:

- Financial support
- Careers advice
- Welfare and wellbeing services
- Additional learning support
- Personal Tutors and mentors
- Academic skills support
- Support with childcare and childcare costs
- Libraries at both Campuses and access to the University of Derby's library in Derby.

You may be able to access the following to support your studies (eligibility criteria apply):

- **College Discretionary Bursary Fund** – to help with the cost of equipment or transport if you have a low household income.
- **Childcare funding** – if you're in receipt of means tested benefits we may be able to contribute towards childcare costs.
- **Employer contribution** – if you're employed your employer may offer to help towards the cost of your course.
- **Professional and Career Development Loans** – bank loans that can help with payment towards training or courses that will develop your career and improve your chances of getting into paid employment.

For more information on student loans and other funding support visit www.gov.uk/student-finance

University Level

We offer a mix of full and part time University Level courses.

We offer different types of University Level qualifications. Here's a quick explanation to what it all means.

YEAR ZERO

Level 3 Duration: 1 year

Description

Usually for those wanting to study an Art or Science related subject at Degree level who are not quite ready for a full Bachelor's Degree. It is the first year of a 4 year BA(Hons) degree programme that you will progress on to.

What's next?

Bachelor's Degree

HIGHER NATIONAL CERTIFICATE (HNC)

Level 4 Duration: 1-2 years

Description

Equivalent to the first year of a Bachelor's Degree and designed to give you work related skills.

What's next?

Higher National Diploma, Top Up to a Bachelor's Degree

HIGHER NATIONAL DIPLOMA (HND)

Level 5 Duration: 2-3 years

Description

Equivalent to the second year of a Bachelor's Degree and designed to give you work related skills.

What's next?

Top Up to a Bachelor's Degree

FOUNDATION DEGREE (FDA)

Level 5 Duration: 2-4 years

Description

Intended to give a basic knowledge in a subject to enable the holder to go on to employment or further study in that field.

What's next?

Bachelor's Degree

CERTIFICATE IN EDUCATION (CERT ED)

Level 5 Duration: 2 years

Description

An undergraduate (first) full teaching qualifications normally required for teachers to work in the post-16 sector.

What's next?

Bachelor's Degree

BACHELOR'S DEGREE (BA)

Level 6 Duration: 3-6 years

Description

An undergraduate (first) course of study that gives a thorough grounding in a field or subject.

What's next?

Post Graduate Degree

POST GRADUATE CERTIFICATE OF EDUCATION (PGCE)

Level 7 Duration: 2 years

Description

A post graduate (second) full teaching qualifications normally required for teachers to work in the post-16 sector.

What's next?

Masters qualification

Art & Design

The Leek School of Art has an enviable reputation in the industry of supplying the next generation of creative talent. Students take full advantage of our brand new Art & Design building where we offer industry standard facilities for a variety of disciplines including painting, design, photography, textiles, 3D and fine art.

BA (HONS) YEAR ZERO

Level 3 **Campus** 

Start date: September

What to expect: This course is for students who have not completed a foundation course or who are not ready to go on to degree level, but who know which subject they wish to study. This

course is the first stage of a Bachelor's Degree – it is not a standalone course. Following the successful completion of the year you will then progress on to an appropriate Bachelor's Degree at the University of Derby.

You will explore and experiment with a wide range of materials, processes and ideas, building a diverse range of transferable skills. You will develop your practical and intellectual knowledge and explore, challenge and extend your visual and conceptual skills to gain a sound understanding of art and design practice.

Duration: Four years full time (Year Zero then three years Bachelor's Degree).

Fees: £5,250

Apply: Through UCAS.

Entry requirements: 160 UCAS points of which at least 120 are from full A Levels or equivalent. 40 points can be from qualifications like the Extended Project. We also accept the Access to HE. You should also have 5 GCSEs grade A*-C or equivalent. You will be enthusiastic and motivated and have an art based portfolio.

FDA IN CREATIVE ART & DESIGN PRACTICE

Level 4 & 5 **Campus** 

Start date: September

What to expect: This course is for students who wish to become contemporary artists, designers and makers. It is for those who want build on earlier experience across a broad range of art, craft and design practice such as fine art, painting, ceramics, crafts, textiles and more.

Students will develop their art and business skills through practical projects and opportunities to create, exhibit and sell their work. Successful students may progress to an undergraduate degree in fine art at the University of Derby or other universities dependent on an interview and portfolio of work.

Duration: Three years part time. You'll attend College all day on a Thursday and Friday morning.

Fees: £2,400 per year (subject to review).

Apply: Direct to the College.

Entry requirements: 80 UCAS points or a BTEC National Diploma/Foundation Diploma in Art & Design plus GCSE English at grade C or above. Entry requirements are flexible for those over 21 based on an interview with the Admissions Tutor.

Business

Our business department is dynamic and inspirational and covers the wide range of business disciplines that we know employers are looking for; from business accounts, product promotion, contract and business law, to managing people, marketing and communications.

HNC BUSINESS

Level 4 **Campus** 

Start date: January or September

What to expect: This course is designed to develop your management potential. The subjects you'll cover are broad and relevant to the business world. You'll cover relevant business and management issues with modules from marketing to economics and human resource management. This all means that you have a wealth of knowledge to take in to your employment. You'll be assessed via coursework, exams and practical business scenarios. If you're working while studying you can apply your assessments to your organisation, to make a real and immediate impact on the business you work for. The course will enable you to pursue either a specialist career in business or one in general management and also Top Up to a Bachelor's Degree at the University of Derby or other universities.

Duration: 18-24 months part time. You'll attend College on a Tuesday from 1pm-8pm.

Fees: £3,600 total course fee - annual fee depends on duration (subject to review).

Apply: Direct to the College.

Entry requirements: A minimum of 60-80 points from one full A level or a

Merit from the BTEC National Award or a Pass Pass from the BTEC National Certificate or an Access/Foundation course or an NVQ Level 3 in a relevant subject. Entry requirements are flexible for those over 21 based on an interview with the Admissions Tutor.

HND BUSINESS

Level 5 **Campus** 

Start date: January or September

What to expect: This course introduces you to the core range of business and management subjects, including human resource management, accounting, marketing, economics, operations and business planning. You will learn about how these integrate and function together and see how they can be applied to real business situations.

You'll develop your innovative, entrepreneurial skills and your personal skills including reporting presentations, research, individual group work, leadership skills and self-confidence, all of which are vital in any business role.

You'll be assessed through a range of coursework and examinations. During the second stage you'll specialise in one of four pathways either in enterprise,

marketing, finance or human resource management. From this course you'll be able to pursue a specialist career in business and Top Up to a Bachelor's Degree.

Duration: Three years part time. You'll attend College on a Tuesday from 1pm-8pm.

Fees: £2,400 per year (subject to review).

Apply: Direct to the College.

Entry requirements: A minimum of 60-80 points from one full A level or a Merit from the BTEC National Award or a Pass Pass from the BTEC National Certificate or an Access/Foundation course or an NVQ Level 3 in a relevant subject. Entry requirements are flexible for those over 21 based on an interview.

Childcare & Education

Careers working with children offer a high level of fulfilment and satisfaction; you can really make a difference to the lives of children and their families. Early years staff have a strong professional identity, take pride in their work and are recognised and valued by parents, other professionals and society as a whole.

FOUNDATION DEGREE IN CHILDREN & YOUNG PEOPLES SERVICES FOR EARLY YEARS PRACTITIONERS

Level 4 & 5 Campus **B L**

Start date: September

What to expect: Designed for practitioners currently employed in an early years environment, the course builds on your work experience and will involve support from your employer via a mentor. Topics include: child development and learning, child health planning and assessment for quality provision, safeguarding, child welfare, managing people and literacy and numeracy. You'll be assessed in the work place through presentations, case studies and portfolios. You'll also undertake written essays and research.

This course could lead onto a Bachelor's Degree at the University of Derby or other universities and will help you to progress your career in an early years setting.

Duration: Three years part time (Buxton)
Two years part time (Leek).

Fees: £2,400 per year (Buxton) and £3,600 per year (Leek) (subject to review).

Apply: Direct to the College.

Entry requirements: Five GCSE grades A*-C (one of these must include C in English) and a relevant and current Level 3 childcare/play work/early years qualification. Entry requirements are flexible for those over 21, with experience in an early years setting, based on an interview with the Admissions Tutor.

FOUNDATION DEGREE IN CHILDREN & YOUNG PEOPLES SERVICES FOR TEACHING ASSISTANTS

Level 4 & 5 Campus **B L**

Start date: September

What to expect: This course has been designed for Teaching Assistants who are currently working in any type of school. You'll build on current work experience with a focus on extending knowledge and developing practical skills. Topics include the role of a Teaching Assistant, development and learning, literacy, numeracy, science and technology, inclusive education and behaviour management.

You'll be assessed in the work place through presentations, case studies,

portfolios, written essays and research. This course could lead onto a Bachelor's Degree at the University of Derby or other universities. The course will help you to progress your career in an education setting.

Duration: Three years part time (Buxton)
Two years part time (Leek).

Fees: £2,400 per year (Buxton) and £3,600 per year (Leek) (subject to review).

Apply: Direct to the College.

Entry requirements: Five GCSE grades A*-C (one of these must include C in English) and a relevant and current Level 3 qualification including the CACHE Level 3 Teaching Assistants. You'll need to be working in a school setting for at least two days per week (paid or voluntary). Entry requirements are flexible for those over 21, with experience in an education setting, based on an interview with the Admissions Tutor.

CERTIFICATE OF EDUCATION & POST GRADUATE CERTIFICATE OF EDUCATION (FURTHER EDUCATION & SKILLS)

Level 5 & 7 Campus **B L**

Start date: September

What to expect: This course is designed for those teaching Post 14 learners in a Further Education (FE) setting, training establishment, special school, an academy, prison or young offenders institute. The course is also suitable for those who are trainers as part of their career role in industry or business or current teaching assistants.

Modules include: preparing to teach in the FE and Skills sector, developing and reflecting on practical teaching skills and the theory of teaching and learning. Graduate candidates can choose a specialist pathway in key skills, Maths, English or special educational needs.

Assessment methods include coursework, observations of teaching practice, self evaluation, reflective tasks, written assignments, presentations and group tasks. All assessments require you to apply theory to your own practice and you are expected to engage with learning theory.

This course offers a strong foundation for professional development. If you achieve the Certificate of Education and wish to progress to graduate status, you may be able to top up to a Bachelor's Degree at the University of Derby or other universities. Students who achieve a PGCE may progress to a Masters in Education.

Duration: Two years part time. You'll attend College on a Thursday afternoon from 2pm-6pm.

Fees: £2,250 per year (subject to review).

Apply: Direct to the College.

Entry requirements: At least a Level 3 qualification in a subject relevant to your teaching specialism, GCSE or an equivalent qualification in English and Maths (you can still be working towards Maths but must achieve this by the end of your first year), access to 50 hours teaching in a full teaching role each year (paid or voluntary). Applicants for the PGCE status must have evidence of at least an honours degree relevant to their teaching specialism.

BA (HONS) EDUCATION STUDIES (TOP UP)

Level 6 Campus **L**

Start date: September

What to expect: Designed for Foundation Degree students who now wish to achieve a full BA (Hons) degree on a part time basis. Students can still be employed and attend lessons for the equivalent of half a day a week. You must be in a school placement for at least two days a week, which can be voluntary. The programme analyses various elements of the education world today and builds on the knowledge and skills the learners have already acquired from foundation degree level study. The learning sessions are based round discussions and practical activities. Following the course students may wish to think about working towards full teacher status or management roles in other areas of education.

Duration: One year part time. You'll attend College for half a day per week or one evening per week. You should also have a school placement, either paid or voluntary for at least two days a week.

Fees: £3,600 per year (subject to review).

Apply: Through UCAS.

Entry requirements: A Foundation Degree passed with grades above 50%.

Computing

Computing & ICT has become such an important industry because it affects just about everything we do in our lives. From the mobile phones we use, the way we watch films, how we communicate, to how we do business and shop. A constantly changing discipline, it offers wide ranging career possibilities and rewarding challenges for those interested in the subject.

FOUNDATION DEGREE IN COMPUTING

Level 4 & 5 Campus **B L**

Start date: September

What to expect: This course is designed to provide a broad introduction to computing and has a strong work based focus. The course has been designed to reflect the diverse range of skills and technologies found in modern ICT industries. You'll develop a broad range of practical skills in networking, programming, application and web development, underpinned by software engineering and computer science. Therefore, it is expected to appeal to students from a variety of computing disciplines as well as those seeking employment in ICT.

Specifically, this award provides a sound basis for a career in systems development, web design, network management and hardware maintenance. A variety of assessment methods are used to ensure conceptual knowledge and understanding. The course will provide a basis to enhance your future employment prospects. This course is designed to train people to enter successfully into careers that can progress to senior management positions. The course can also lead to a Bachelor's Degree at the University of Derby or other universities.

Duration: Three years part time (Leek) or two years full time (Buxton).

Fees: £2,400 per year (Leek) £5,520 per year (Buxton) (subject to review).

Apply: Direct to the College for part time and through UCAS for full time.

Entry requirements: Entry requirements are variable but should include any Level 3 qualification and four GCSE passes. Entry requirements are flexible for those over 21 based on an interview with the Admissions Tutor.

Emergency Management

Time matters in a crisis and thorough planning, clear communication and effective strategies save lives and limit disruption when it comes to public safety and disaster management. This vital job sector continues to expand and offers exciting yet significant job opportunities.

PUBLIC SAFETY, DISASTER MANAGEMENT & RESILIENCE

Level 4 & 5 Campus **B**

Start date: September

What to expect: This course is designed to equip students with an understanding of the threats facing the UK and the operational, tactical and strategic management of any events arising out of these or other threats. Students will examine how the UK has built and is building resilience to withstand such events. This course is suitable for students who have studied at Level 3, either A level or BTEC. Mature applicants are also welcomed who may have appropriate experience.

Many students are interested in careers in the emergency services such as police, fire and rescue. As a graduate of this programme, you would be of interest to employers in the public, private and voluntary sectors. The issue of building resilience and emergency preparation and management is as at the forefront of all organisations' current and future planning.

Duration: Two years full time.

Fees: £5,520 per year (subject to review).

Apply: Through UCAS.

Entry requirements: 120 UCAS points. Applications from mature applicants are also welcomed who may have appropriate experience.

Engineering

Engineering career prospects are high and good calibre engineers are sought after across a variety of industries. Our courses are a blend of hands on practical work and cutting edge theory. At our brand new dedicated engineering workshops at the Leek Campus you'll work with Tutors who have real-life experience.

HNC IN MECHANICAL & MANUFACTURING ENGINEERING

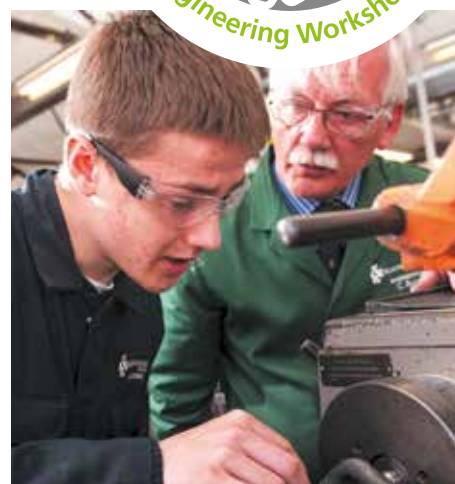

Level 4 Campus **L**

Start date: September

What to expect: Designed to provide specific skills and knowledge relevant to the mechanical and manufacturing engineering industry. The course will enable you to achieve the skills and confidence necessary to enhance your career. The programme is designed to meet the needs of local engineering companies, and strikes a balance between the academic, practical and work based applications and skills development.

Modules include: applied scientific methods, engineering design and workshop technology, Computer Aided Design, SolidWorks and AutoCAD, processes, materials and manufacturing process, quality and professional development and business accountability.

A variety of assessment methods will be used. Some modules are assessed

through coursework only, others by examination or lab report. Students will manufacture products using industry standard equipment at our Leek Campus and will gain experience of using the University of Derby's sophisticated testing equipment in the engineering laboratory.

This course will help enhance your career in engineering and can lead onto a undergraduate degree at the University of Derby or other universities.

Duration: One year part time. One day per week on day release from employment.

Fees: £3,600 per year (subject to review).

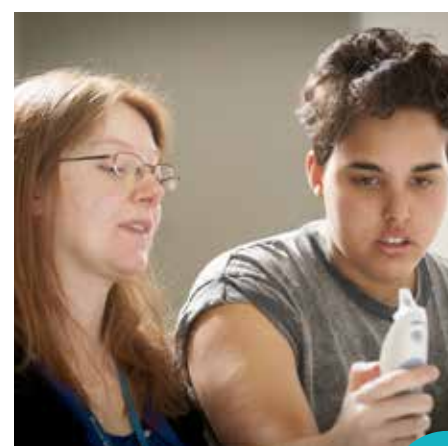

Apply: Direct to the College.

Entry requirements: Level 3 or equivalent qualification in Engineering, Science or Mathematics. Industrial experience is taken into consideration.

Health & Social Care

The Health and Social Care sector is one of the most diverse working environments. Care in the UK is one of the largest employers and will remain so for decades to come.

FOUNDATION DEGREE IN CHILDREN & YOUNG PEOPLES SERVICES FOR HEALTH & SOCIAL CARE PRACTITIONERS

Level 4 & 5 Campus **B L**

Start date: September

What to expect: This qualification has been designed for practitioners who are currently employed (either paid or voluntary) in a health and social care setting. The course builds on your work experience and will involve support from your employer via a mentor and gives you the chance to earn whilst you learn.

You'll be assessed in the work place through presentations, case studies and portfolios. You'll also undertake written essays and research. This course could lead onto a Bachelor's Degree at the University of Derby or other universities and will help you to progress your career in health and social care.

Duration: Three years part time (Buxton) Two years part time (Leek).

Fees: £2,400 per year (Buxton) and £3,600 per year (Leek) (subject to review).

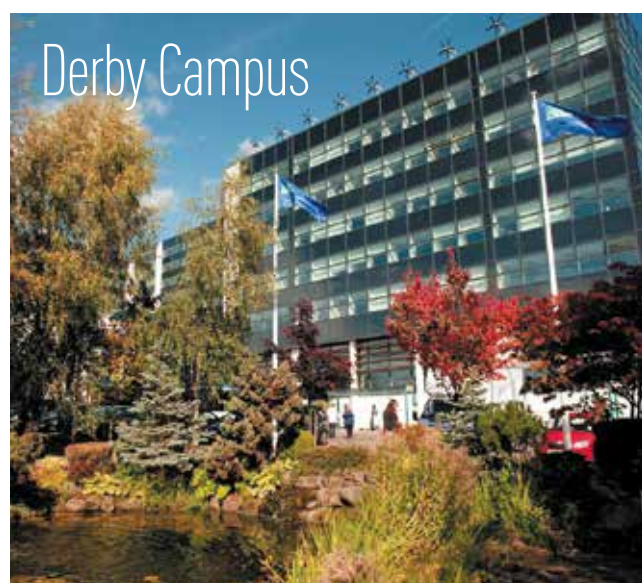

Apply: Direct to the College.

Entry requirements: Five GCSEs grade A*-C, (one of which must be English at grade C above) and a relevant and current Level 3 Health & Social Care qualification. You'll need to be working in a health and social care setting for a least two days a week (paid or voluntary). Entry requirements are flexible for those over 21, with experience in a health and social care setting, based on an interview with the Admissions Tutor.
