## HOW DO I APPLY?

As we have more than one Bursary available at BLC, with different criteria for each, we find it can sometimes overwhelm visitors to our funding pages scrolling through heaps of information trying to figure out which fund if any, will apply to them.

To help make it easier for you (and us) to establish if you would be eligible for funding support from one of our Bursaries, we ask that you complete the funding checker below. This form will then tell you which fund you may be eligible for, what support that fund covers and it will also generate an evidence checklist based on the answers you provide. We advise you not to complete an application form until you have collated the mandatory evidence.

Once you have completed the quiz you can download the relevant Bursary fact files too so you know which fund you may qualify for, how we assess it and what the next steps are.

## WHAT EVIDENCE SHOULD I SUPPLY?

After you have completed the fund checker for your academic year. We now ask you begin to collate your evidence in preparation for submitting your application. Should you choose to submit an application without evidence, your application will not be processed until the mandatory evidence has been received.

Due to limited funds being available to us each year, we strongly advise not to do this as complete applications will be prioritised and monies will be allocated on a first come first serve basis.

If you forgot to download/ screenshot your checklist whilst on the Support checker, you can find a copy below
